Badgerfest

This year, we have revamped Badgerfest into Badgerfest MONTH with both in-person and virtual events being offered. Here was the first week's line-up:

- DIY Tie Dye
- Roller Rink
- Virtual Community Fair
- BingOhhh! with Vanity a la Mode
- Paint Night
- BUSU Block Party
 - Karaoke
 - DJ & Lounge
 - Headphone Disco
 - Hypnotist

HUGE thank you to the whole BUSU team and every volunteer for making last week possible. Despite Covid restrictions, thunderstorms, unvaccinated hypnotists & a couple mental breakdowns, Badgerfest has been very successful! But it's not over yet ;)

Women-only Zone & Pool hours project

Women are marginalized through discriminatory patterns that have been sustained through social relations in male dominated spaces like the Zone. Aside from that, certain religions and cultures don't allow a lot of women to be able to use the Zone along with males. The Women-only hours will allow many more women to access this space. I have been working with Karen McAllister (Director of Brock Recreation) and Leela MadhavaRau (Director of Human Rights and Equity) to get this project up and running. We have been working on the promotion, description, equity lens, and the window coverings for the insanely inconvenient amount of glass in the Zone.

- Potential timeline: Mid-end October

CPC/Clubs

- We officially have 111 ratified clubs!!!
- Virtual Community Fair was a huge success.
 - Day 1: 182 attendees
 - Day 2: 135 attendees
- As the BUSU team continues to try to understand how to effectively deliver safe programming on campus, clubs will continue to operate virtually until further notice
