

“Do you support the creation of a \$17 per credit fee over a period of five (5) years (commencing in 2020) that would result in the expansion of the Zone fitness centre, after which the fee will drop to a \$1.25 per credit to cover maintenance and operations as outlined in the Memorandum of Understanding? The collection of the fee shall commence once the expansion is complete (expected completion is September 2020).

**Memorandum of Understanding
Expansion of the Zone Referendum, 2018**

1. The purpose of this expansion is to create more space for individuals to maintain a healthy and active lifestyle while also focusing on mental health. The current Zone fitness centre has reached its capacity and has become too small to accommodate the needs of its members.
2. A representative from the Brock University Students' Union (BUSU) will sit on the Building Committee to help oversee the expansion of the Zone fitness centre.
3. Brock University will retain the fee collected and apply those fees directly to the Zone fitness centre expansion project.
4. Brock University will provide the following to the Brock University Students' Union:
 - A room in the space for BUSU's utilization in compliance with the OMNIBUS agreement.
 - A form of visible recognition to BUSU in the Zone fitness centre for funding this initiative.
5. The Zone fitness centre expansion fee shall be a \$17 per credit fee, over a period of five (5) years. The fee will be levied to all undergraduate students, both full-time and part-time. It shall be levied in all academic sessions and duration. The fee will be mandatory and cannot be rescinded or reversed.
6. This \$17 per credit Zone fitness centre expansion fee is a flat fee that can be prorated to a half credit; the fee shall remain the same each year for the duration of five years.
7. After the five (5) year period the Zone fitness centre expansion fee shall be lowered to \$1.25 per credit fee to cover the maintenance and operations. The fee will be levied to all undergraduate students, both full-time and part-time. It shall be levied in all academic sessions and duration. The fee will be mandatory.
8. The subsequent \$1.25 per credit Zone fitness centre expansion fee may be increased by CPI pending approval from the BUSU Board of Directors.
9. The first year of fee collection will occur once the Zone fitness centre expansion is substantially complete.
10. If the Zone fitness centre expansion renovation comes in under budget, the \$17 per credit will be adjusted accordingly in the fifth year. Any residual will be returned to a BUSU capital reserve
